

## English

In English we are exploring lots of different stories including, 'Superworm', 'Supertato', 'Super Daisy' and 'Megaboy' using these texts to develop our writing. We will also be looking into writing our own comic strips and using the ipads.

## Mathematics

The children this term will continue to develop their understanding of number and place value, and use various calculation strategies to solve mathematical problems. We will also be introducing halving and learn to tell the time.

## Science

In Science we will be doing lots of different experiments so that the children can develop their skills in scientific enquiry. This will involve making sure that they carry out a fair test and we will encourage them to discuss their findings. We will look at magical powers that super heroes have and the science behind these.

## Geography

In Geography we will be exploring our world using Google Earth to see what it looks like from the sky. We will make comparisons with the city environment and investigate the different types of buildings and landmarks.

## Seahorse Class Spring 2019

Our topic this term is '**Superheroes**'. The children have thought about what they would like to cover in our topic and are excited about having a Superhero dress up day. **The children's interests will continually be used to inform the direction which our topic takes.**

## History

In History we will be finding out about the first aeroplane flight and the lives of heroes from within and beyond living memory.

## Physical Education

With our P.E specialist the children will be doing lots of work on gymnastics and dance. During this they will become much more aware of space around them and how to use it effectively. We will also be looking at how we can stay healthy by exercising and eating healthy foods. We will be swimming too!

## Art and Design

We are going to design and make lots of different items needed to be a superhero, this will include; masks, capes and magic power cuffs! We will also be looking into Comic book art by the artist Roy Lichtenstein.

## Religious Education

We will be learning about the faith of Muslims and what they believe. We will also be covering why Christians celebrate at Easter time.

## PSHE

We will be exploring the values of happiness, hope, tolerance and respect this term and learn what they mean and how they are important to us.

## Computing

The children will be using a wide range of programs to develop their computing skills. They will be making comic strips using an app on the ipad and learn how to complete algorithms and debug simple software.

## Music

This term the children will be learning to play the xylophone. They will also have many opportunities to play tuned instruments using specific Apps on the I-pads.

## How you can help

Regular reading and talking about the books they bring home to read. Playing games that involve counting and talking about the numbers they see around the home and in books. Chatting about any sounds they are learning and if they can spot them in words they might hear or see around them.
