

English

Year 3 will follow the Seahorses topics for English.

Year 4 will follow the Sharks topics for English this term.

Mathematics

We will focus on daily basic skills sessions as well as regular times-table sessions. The areas of Maths that children will cover include place value, the four rules, fractions and measurement. Children will use Times Tables Rockstars and Century Tech to develop their understanding at their own level.

Science

This term the children will be learning about Animal, including Humans. Children will learn about the importance of a balanced diet, recognise how nutrients are transported about animals and humans as well as being able to explain skeletal systems. The children will be able to recognise the importance of our skeleton and be able to discuss our muscular system.

LANGUAGES

In French we are learning about 'School Life' first. They will find out how to name objects in the classroom, how to say the names of subjects & ask questions. The second topic on 'Time Travelling' will introduce numbers, dates and events in French history.

Dolphin Class Summer Term Planning Cycle A

Art/ Design Technology

In Art the children will explore creative photographic techniques, create and edit new images, & self-portraits, use photomontage and apply digital photography to art design. In this term's DT project the children will learn a simple bolognese recipe then develop it to improve nutritional content.

Geography/History

In Geography, we are learning all about our oceans. We will be learning how we use them, The Great Barrier Reef, pollution and how we can help reduce the amount of pollution evident within our oceans. In History we are learning about Tudor England. We will be learning about Henry VIII and his wives as well as royal progress.

PSHE

We will be learning about relationships and changing me this term. We will learn how to cope with jealousy, falling out and how to resolve these as well as people we love. We will also discuss what makes us special and unique.

Religious Education

During the summer term the pupils will be learning about the concepts of Trinity in the Christian religion. We will also look at how World religions work together to make the World a better place.

Music

In our topic 'Bringing Us Together' we we learn to play and sing a disco song about friendship, peace, hope and family.

Physical Education

In PE this term the children will be In PE this term the children will be swimming weekly on a weekly basis. They will also play rounders, learning the rules, how to hit the ball etc. In Athletics the children will apply strength and flexibility to throwing, running and jumping.

How you can help at home

- . Read regularly with your child and record this in their reading log
- . Practise multiplication and division facts
- . Practise spelling Year 3/4 common exception words

Computing

This term the children will be developing the coding skills further using Scratch. They will be designing their own maths quiz game for KS1 pupils that includes variables for scores. Later they will learn how to be computational thinkers and develop their skills of decomposition or algorithms.
